## Intended Use

The guitar stand is meant to be used only to hold guitars or similar instruments, as described in this manual. All other uses not included and described in this manual are hereby prohibited. **Warwick GmbH & Co. Music Equipment KG** is not responsible for any damages caused by misuse or wrong applications of these stands.

## Security Guidelines

- Keep children away from the guitar stand and do not let them play with it. The guitar stand is not a toy.
- Never use the guitar stand as a ladder or support frame for other things!
- Only place the guitar stand on a level and even surface. **Warwick GmbH & Co. Music Equipment KG** is not responsible for any personal and material damages caused by faulty assembly and misuse.
- This stand has been tested with various instrument finishes and found no problems. Still we advise caution with vintage instruments and nitrocellulose finishes. Sweat, environmental pollutants, nitrocellulose and age can create chemical reactions that cannot be tested or predicted, therefore we are not responsible for any damages to the surface finish resulting in these circumstances.
- The stand can be used at home or, with safe distance to the audience on stage.

## A-Frame Assembly & Use

- On the guitar stand; RS 2080X Series fold out the legs to the stop.
- The RS 2081X Series guitar stand can be folded out into two positions. Press the button and fold out make sure the catch snaps into place in one of the 2 position holes (see picture on the right).
- Put stand on an even and straight surface
- Put the guitar down on it - verify that the instrument has a firm resting position and doesn't tilt or wobble (see picture on the right).

## Disposal

The symbol shown on the right indicates that the product must be separated from the normal domestic waste in the event of disposal, depending on local regulations and regulations. Dispose of the product at your local collection point. At some collection points and waste collection plants, the disposal is free of charge. Waste separation and recycling helps to conserve the resources of nature and guarantees the proper disposal for the protection of the environment.

## Maintenance and Care

This music stand does not need any special maintenance.

If necessary clean it with a damp cloth. If the articulations, hinges or catches (if present) get stiff, they need to be lubricated. Please note that the instrument stand is only recommended for indoor use.

## WARRANTY

This product falls under legal warranty.

In case of a warranty claim please contact your dealer.
