6. RockCare StringJet - String Cleaner

A tool that will improve the longevity of your strings and preserve their original tone. It can be used for any stringed instrument, acoustic or electric. Its soft microfiber cleaning pads will rejuvenate your strings and clean them all around. The StringJet can be used just on its own or together with any liquid string cleaning agent, which it will apply evenly over the entire length of the strings. Different from many use-and-disposable products on the market, the StringJet's microfiber pads are re-usable and can be easily

7

cleaned with warm water and a drop of liquid soap. Additionally, each StringJet comes with 2 extra replacement cleaning pad sets.

StringJet 64 - String Cleaner (6-String Guitar & 4-String Bass)

For instruments with a max. distance of 57 mm from highest to lowest string.
Product nr.: RB TOOL STRINGJET 64

StringJet 86 - String Cleaner (7/8-String Guitar & 5/6-String Bass)

For instruments with a max. distance of 90 mm from highest to lowest string.
Product nr.: RB TOOL STRINGJET 86

7. RockCare Microfiber Cloth

Smooth polishing cloth, manufactured from 80% polyester and 20% polyamide with logo imprint. Optimal care for instruments with all types of finish (from Natural Oil to high polish). Easy to clean. Washable at 30° C / 86° F. Antistatic and lint-free. Dimensions (L x W) 30 x 30 cm / 11.81" x 11.81".

8. RockCare Work Bench Pad

The RockCare Work Bench Pad is a soft non-slip benchtop cover to protect your instruments. It is made of a dense vulcanized rubber that is shock absorbent and does not slip. It cushions your guitar and protects the finish from scratches and dents. Not recommended for instruments with nitro-cellulose finishes.

Dimensions (W x D x H) 59.5 x 45.5 x 0.5 cm / 23.43" x 17.91" x 0.20". Weight 0.35 kg / 0.77 lbs.
Product nr.: RB TOOL WB PAD

9. RockCare Instrument Neck Rest

The RockCare Neck Rest is a shock-absorbing support for guitar necks. Its foldable design fits electric and acoustic instruments alike. The Neck Rest's dense but flexible fine pellet filling is shock absorbent and cushions the instrument neck, even during fret hammer blows.

Dimensions (L x W) 34.5 x 16 cm / 13.58" x 6.30".
Dimensions folded (L x W) 17 x 16 cm / 6.69" x 6.30".
Weight 4 kg / 8.82 lbs.

Product nr.: RB TOOL WB NECK REST

10. RockCare Work Bench Pad & Instrument Neck Rest Set

Set including product 8 and 9.
Product nr.: RB TOOL WB NR SET

11. RockCare NeckTech - Instrument Neck Support

The RockCare NeckTech is an ultra-lightweight neck support designed to be super portable and to fit into any gig bag. Ever had to restring your instrument shortly before a gig and no place to comfortably rest your instrument on while doing so? Well here comes the NeckTech - the neck support area is cushioned with non-reactive rubber to provide optimal protection to almost any stringed instrument. The non-slip rubber feet provide traction on any surface, so your instrument is held securely. Rubber feet to avoid slipping. Caution: not recommended for use with instruments with nitro-cellulose finish.

Dimensions collapsed (WxDxH): 2x14.5x20.5 cm / 0.79"x5.71"x8.07". Dimensions unfolded (WxDxH): 15.5 x 14.5 x 16.5 cm / 6.10" x 5.71" x 6.50".

Product nr.: RB TOOL NECK TECH

Tools for professional and demanding work

12. RockCare Fret Rocker - Fret Levelling & Setup Gauge

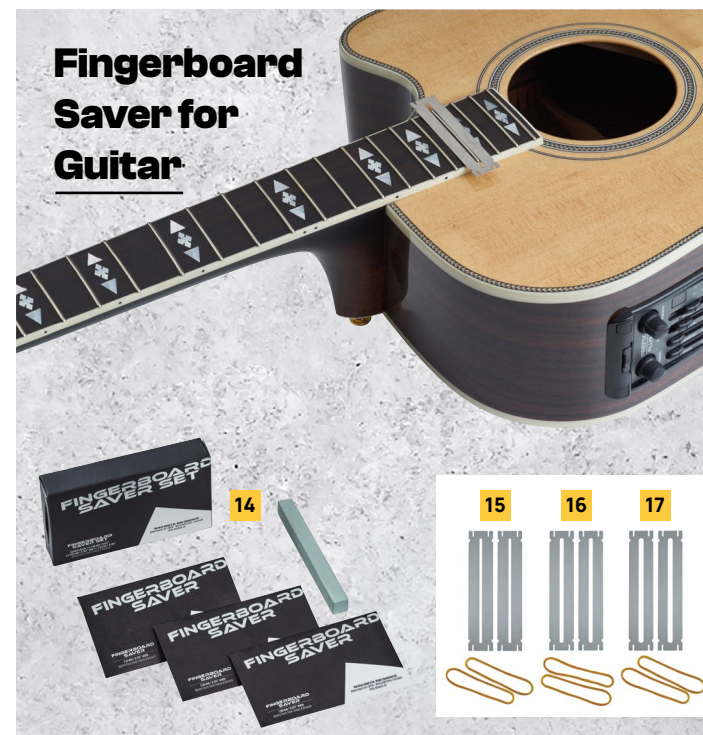

The RockCare Fret Rocker is a gauge for checking if the frets on your instrument are level. The Fret Rocker is also a versatile measuring tool and setup tool for stringed instruments. The 5-edge design allows use on instruments of all scale lengths, from long scale electric basses to soprano ukuleles. Straighten the neck of your instrument and place the precisely machined edge across three frets. If the Fret Rocker lies flat across all three frets, they are level. If it wiggles (rock) over the middle fret, this indicates that said fret is too high. Using the Fret Rocker, you can easily identify un-level frets that require additional fretwork. Furthermore, the Fret Rocker features several measuring scales in inches as well as millimeters on its opposing sides, which can be used for checking and setting string action, neck relief, string spacing, as well as pickup and bridge saddle height. This makes the Fret Rocker a versatile all-round-measuring gauge that should not be missing in any workshop or musician toolkit. Edge lengths 10 cm, 7.5 cm, 5 cm, 3.5 cm, 2.5 cm / 3.94", 2.95", 1.97", 1.38", 0.98". Manufactured from stainless steel. Can be used for checking and setting string action, neck relief, string spacing, pickup and bridge saddle height.

Dimensions (W x D x H) 10 x 5 x 0,08 cm / 3.94" x 1.97" x 0.03". Weight 30 g / 0.07 lbs.
Product nr.: RB TOOL R-FRET ROCKE

13. RockCare Rock n' Ruler - String Action Gauge

The RockCare Rock n' Ruler is a versatile tool for setting up your guitars and basses. String action, neck relief and string spacing can be easily measured and set up with this simple gauge. All scales are provided in metric and imperial units, so no conversion is necessary. The backside offers useful setup recommendations as a starting point for setting up your electric, acoustic or bass guitars. With its handy business card size, it easily fits into your wallet and is always with you when you need it. Setup recommendations on the backside. Stainless steel.

Dimensions (W x D): 9 x 5 cm / 3.54" x 1.97".
Weight 20 g / 0.04 lbs.
Product nr.: RB TOOL R-RULER

- protects the fretboard during crowning, filing or polishing of the frets
- made from flexible 0.2 mm (0.08") stainless steel
- fits between all frets on guitars, banjos and basses (regardless of scale length)
- fits between most mandolin and ukulele frets
- notches for fixing with included rubber bands on the neck
- adapts to the fingerboard radius

14. - 20. RockCare Fingerboard Saver

The RockCare Fingerboard Saver is a tool that protects your fingerboard during fretwork. Quicker and easier than taping, the reusable Fingerboard Saver maximizes security and convenience while working on your instrument. Place the Fingerboard saver over fret during filing, polishing or crowning to

keep your fingerboard free of scratches and dents. The notches on both ends allow easy fixation on the neck using the included rubber bands, holding the Saver in place so you don't have to. The Fingerboard Saver is the perfect tool for working on your frets!

14. Fingerboard Saver Set for Narrow, Medium and Jumbo Frets (2 pcs. each + Sanding Block)
Product nr.: RB TOOL FB SAVER SET

15. Fingerboard Saver 1 for Narrow Frets, 2 pcs. (Slot Width 1.8 mm / 0.071")
Fits most commercially available narrow fret wires. Dimensions (L x W): 80 x 16 mm / 3,15" x 0,63".
Product nr.: RB TOOL FB SAVER 1

16. Fingerboard Saver 2 for Medium Frets, 2 pcs. (Slot Width 2.65 mm / 0.104")
Fits most commercially available medium fret wires. Dimensions (L x W): 80 x 16 mm / 3,15" x 0,63".
Product nr.: RB TOOL FB SAVER 2

17. Fingerboard Saver 3 for Jumbo Frets, 2 pcs. (Slot Width 3.15 mm / 0.124")
Fits most commercially available jumbo fret wires. Dimensions (L x W): 80 x 16 mm / 3,15" x 0,63".
Product nr.: RB TOOL FB SAVER 3

18. Bass Fingerboard Saver Set for Medium and Jumbo Frets (2 pcs. each + Sanding Block)
Product nr.: RB TOOL FB SAV B SET

19. Bass Fingerboard Saver for Medium Frets, 2 pcs. (Slot Width 2.65 mm / 0.104")
Fits most commercially available medium fret wires. Dimensions (L x W): 90 x 23 mm / 3,54" x 0,91".
Product nr.: RB TOOL FB SAV B 1

20. Bass Fingerboard Saver for Jumbo Frets, 2 pcs. (Slot Width 3.15 mm / 0.124")
Fits most commercially available jumbo fret wires. Dimensions (L x W): 90 x 23 mm / 3,54" x 0,91".
Product nr.: RB TOOL FB SAV B 2
